Under the army regulations the average volunteer officer has not much chance to shoot his mouth off on public questions. But the title of colonel will stick to the aforesaid gentleman and therefore he ought to be happy indeed.

Postmaster General Charles Emory Smith is to do some campaign speaking in Kansas: he is scheduled for a speech in Topeka on the 6th and in Wichita on the 7th of October. This is refreshing. # THE LOST GERANIUM

Mrs. Wigley had no back garden whatever, only a tiny piece of ground in front with a wooden paling, and there was not much growing there, but a remarkably fine geranium, bearing magnificent trusses of a pale pink tint, stood in a pot on the windowsill. This geranium was the pride of Mrs. Wigley's simple soul. She took daily delight in it in spite of failing sight, and words of praise from admiring neigh-

bors warmed the cockles of her heart. Her friend Mrs. Hubbard, Christian name Eliza, who lived at West Winthrop, was more eulogistic than all the rest put together, for Mrs. Hubbard was a great gardener and knew a fine specimen as well as any one and better Her own garden was a perfect picture, but she could not show a geranium like Sarah Wigley's nor, indeed, anything to compare with it. She called in on a certain Saturday afternoon and paused before entering the cottage to inspect her friend's posses sion. It was in full bloom.
"Well, I never!" cried Eliza Hubbard.

"What a waste!" Sarah Wigley was staring out of win-dow, but failed to recognize her friend. Her eyes were contracted to a narrow slit, and she strove her hardest to trace the

familiar features, but in vain,
"What a waste!" reiterated Mrs. Hub-bard. "She can't see me, though I am as big as life and twice as ugly, and yet the Lord lets that fine pink geranium grow and blow under her very nose. It isn't any kind of good to her, and it would be a real blessing to me."
"Is that you, Eliza?" asked Mrs. Wigley.

"If it ain't, Sarah, it's my double." "You've been looking at my geranium, Eliza," said her friend. "Isn't it a pic-

used in such a councction before. But pride was replaced by a dull sense of shame as she lifted up the geranium and, hiding it under her shawl, sped home with it. As she walked she planned where she would place the geranium. It would look best, she thought, between two fine white ones of which she was uncommonly proud, and there she deposited it in the darkness. Having done so, she retired to bed, having first knelt down to say her prayers. Oddly enough, however, the words would not

good as mine. You can't keep looking at For answer Sarah Wigley burst into a

flood of tears. "I know I am worse than a fool to make a fuss about a geranium plant," said she, "but I suppose I am kind of low in health. Anyway I can't help myself. I ought to be ashamed of myself," said she, "at my time of life not to have faith greater than a grain of mustard seed. Haven't I prayed the good Lord to put it into the heart of that tramp to bring me back my gera-nium, and who knows that he won't see fit to do it? I'd had that geranium three years, 'Liza, and I'd got to set store on it as though it was a child. I hope you don't think me a weak sort."

Eliza Hubbard cleared her throat.

"No," she said softly, "I don't. I wish I was half as good as you. But I ain't. I yield to temptation right away. I ain't nore strength of mind than a baby.
